

HBIS EXTRA-CURRICULAR PROGRAMME

At HBIS we do our best to offer a balanced and diverse extra-curricular program. Various service providers make use of our facilities to offer their activities and the school even manages some of the off-campus activities by providing bus trips to the venues of the activities.

Students in the Primary School start competitive sport from PYP 3 (8/9 years old) where we are part of active leagues, particularly in the winter months.

High School students are also part of various leagues and depending on the sport, will play regular matches.

EXTRA-CURRICULAR ACTIVITIES ON OFFER
