

# INTERNATIONAL BACCALAUREATE DIPLOMA PROGRAMME IBDP1 - 2021

## CALCULATORS

IBDP 1 students are required to use the **Casio 9860 GSD graphic calculator**. Please ensure that the calculator is clearly marked. It is necessary for all students to have the same calculator as the different types have different orders of functions, presenting difficulties for the students in class.

## LAPTOPS

Laptops are required in the IBDP. All laptops must be able to connect wirelessly to the Internet in order to access web pages and Managebac and allow students to print to the student copier. Software needs: Word processor, Spreadsheet programme, Presentation software and Adobe Reader..

## STATIONERY EXPECTATIONS

All students are required to have all the necessary stationery items for each of their classes.

## HOMEWORK DIARY

It is a requirement that all students have and make use of a Homework diary/planner. Time management and prioritizing is an important skill and the sooner a student can master it the better for their academic performance.

## DICTIONARIES/THESAURUS

Students have dictionaries available in the various languages at school for use in the classroom only. However, it is **required** that they have access to a Dictionary and Thesaurus for English, and dictionaries in their other language (Afrikaans, French or Spanish) at home.
