

MIDDLE YEARS CURRICULUM MYP 4 - 2021

CALCULATORS

Myp 4 students are required to use the **Casio 9860 GSD Graphic calculator and Casio FX82 ES Plus Scientific Calculator**. Please ensure that the calculator is clearly marked. It is important that all students have the same calculator as each type has a different order of functions.

LAPTOPS

Laptops are required in the MYP phase. All MYP subjects will require some work to be completed on a laptop. Students will be informed as to when they need to bring these in for a class. It is **highly** recommended that students purchase a **16 GB memory stick** for general school use. All laptops must be able to connect wirelessly to the Internet in order to access web pages, ISHB Managebac and allow students to print to the student copier. Software needs: Word processor, Spreadsheet programme, Presentation software and Adobe Reader.

STATIONERY EXPECTATIONS

All students are required to have all the necessary stationery items for each of their classes. Failure to bring the correct stationery will result in a debit for Equipment not present. This is especially important when subjects require equipment vital to the lesson e.g. mathematical sets during a geometry lesson.

HOMEWORK DIARY

It is a requirement that all students have and make use of a Homework diary/planner. Time management and prioritizing is an important skill and the sooner a student can master it the better for their academic performance.

DICTIONARIES/THESAURUS

It is **strongly recommended** that students purchase their own Dictionary and Thesaurus for English, and dictionaries in their other languages (Afrikaans/French/Spanish).
